Shri Mata Vaishno Devi Shrine Board

Subject: SITC and 5 years post-warranty CAMC for Medical Equipments for Medical College, Kakryal

Reference No.: e-NIT No. CO/Pur/NE/612/3739, Dated: 25.07.2024 (Group H)

CORRIGENDUM / ADDENDUM

S. No.	Existing Specifications	Revised Specifications
1.	3D HUMAN BODY VISUALIZATION SYSTEM should have at least one digital male, female and Paediatric Body cadaveric data for all levels of education. It should be in compliance with the Indian medical education requirement (CBME).	3D HUMAN BODY VISUALIZATION SYSTEM should have at least one digital male and female Body cadaveric data for all levels of education. It should be in compliance with the Indian medical education requirement (CBME).
2.	3D HUMAN BODY VISUALIZATION SYSTEM should have at least 6 3D bodies of 2 male, 2 Female and 2 Paediatric bodies.	3D HUMAN BODY VISUALIZATION SYSTEM should have at least 02 nos. 3D bodies of 1 male and 1 Female body.
3.	Paedology: Anatomical details of children's development and behavioral changes	This requirement may be deemed to have been deleted; ab-initio.
4.	The system should be made up of aircraft high-grade aluminum duly powder coated.	The system should be made up of high quality materials.
6.	The System should minimum offer computer hardware Intel 11th Gen Core i7 processor with 16 GB NVIDIA graphics card with 32 GB 2666 MHz DDR 4 RAM with Digital Video HDMI output with an integrated sound system	The System should minimum offer computer hardware Intel 11th Gen Core i7 processor with 16 GB NVIDIA graphics card with 32 GB 2666 MHz DDR 4 RAM with Digital Video HDMI output with an integrated sound system or " Higher Specifications ".
	It should have a minimum of 500GB NVMe M.2 SSD with an upgradable storage option available to use	It should have a minimum of 500GB NVMe M.2 SSD with an upgradable storage option available to use or " Higher Specifications ".
8.	It should have 6 feet capacitive touch screen with up to 80 simultaneous touch points at 89" 4K UHD single/split screen bearing a resolution of 7680 X 2160 pixels to maintain the form factor similar to the actual dissection table	It should have 6 feet capacitive touch screen with up to 80 simultaneous touch points at 75" to 90" with 4k resolution single/split screen to maintain the form factor similar to the actual dissection table
20.	The system should have anatomy study of animals with weight more than 90 kg	This requirement may be deemed to have been deleted; ab-initio.
23.	Clinical examination simulations include Angiography, Angioplasty, upper GI scopy, Colonoscopy, CABG (Coronary artery bypass Grafting), Joint replacement, Arthroscopy for joints, Laparoscopy operative procedure, Robotic surgery for spine & other Organs, electrosurgical technology, Bronchoscopy, First Aid	Clinical examination simulations include Angiography, Angioplasty, upper GI scopy, Colonoscopy, CABG (Coronary artery bypass Grafting), Joint replacement, Arthroscopy for joints, Laparoscopy operative procedure, Robotic surgery for spine & other Organs, electrosurgical technology, Bronchoscopy, First Aid. The above shall however be an "OPTIONAL" and not "ESSENTIAL" feature.
24	The system should have more than 100 Clinical cases of Congenital disorder, Genetic Disorder & clinical disorders	The system should have more than 20 Clinical cases of Congenital disorder, Genetic Disorder and clinical disorders with ability to add CT or MRI Data in the system.

**Office of the Chief Executive Officer,
Shri Mata Vaishno Devi Shrine Board**

25.	Age-wise physical development, behavioral development, and communicational development of the Paediatric body are shown in an interactive environment to study various features and developments occurring during the growth of a Paediatric body.	This requirement may be deemed to have been deleted; ab-initio.
27.	Study of bones including comparative study of Paediatric and adult bonesan	Study of bones including comparative study of Paediatric and adult bonesan. The above shall however be an "OPTIONAL" and not "ESSENTIAL" feature.
42.	It should have linear measurements, angles, areas, lines, ellipses and arrows available.	It should have linear measurements, angles, areas, lines and arrows available. The prospective bidder may also provide " ellipses " as an " OPTIONAL " feature.
47.	The system should have more than 150 Histology slides, more than 60 Prosections slides, more than 100 Pathology Slides, more than 5000 identifiable parts, more than 55 Physiological Simulations and More than 15 Clinical examination simulations.	The system should have more than 150 Histology slides, more than 60 Prosections slides, more than 100 Pathology Slides, more than 5000 identifiable parts, 10 or more Physiological Simulations and More than 15 Clinical examination simulations.
52.	The start time and response time of the system should be less than 10 m seconds.	The start time and response time of the system should be 30 seconds or less.
55.	The Provider should manufacture system as "Make in India" (Class 1) with minimum 60% indigenous components.	This requirement may be deemed to have been deleted; ab-initio.
58.	Should have past experience from 5 or more Govt. Institutions with performance certificate minimum one.	Should have past experience of dealing with 5 or more Govt. Institutions. Performance certificate of all 5 institutions for similar equipments to be attached.

The following Clauses shall also be deemed ab-initio to be part of the e-NIT:

- i) The bidder who qualifies in the Technical stage has to **on-site demonstrate** the offered product. However, for bulkier items or such items which cannot be brought to site, the option of catalogue demonstration / video demonstration, shall also be allowed. The venue / date / time for demonstration shall be separately informed; **only to technically qualified bidders.** Approximately, 5-7 days notice shall only be provided in the context.
- ii) The prospective bidder shall have to submit Notary attested undertaking in the format enclosed as Annexure-I.
- iii) In the Account details for o++
- iv) nline payment of Tender Fee, please read Bank Name as HDFC Bank instead of J&K Bank as mentioned in the issued e-NIT.

This issues with approval of the Chief Executive Officer, SMVDSB.
